South Yorkshire Stages Rally - Sunday 10th December 2023

Whites Bakery South Yorkshire Stages Rally on December 10th will bring around 120 highly tuned rally cars to the fast, flowing roads around the Penistone area.

Closed roads rallying is probably the most exciting form of motorsport; taking place on sections of public road that are specially closed to everyday traffic for the occasion, the sight of drivers making lightning-fast reflex corrections on the steering as they push their cars at full speed through corners and down the straights is a never to be forgotten experience!

Webinar Recording : EV Guidance

A few weeks ago, Motorsport UK sat down to talk to Clubs and Organisers about Electrified Vehicles. In the webinar, the team at Motorsport UK covered the basics, answering questions about how EVs can be included in events and the safety aspects they may have to think about.

In case you missed it, you can watch back on our channels by clicking below and learn all about how your club can be more involved with EVs. Additionally, we have created a Q&A document which answers the questions received during the webinar, and you can also find the slides and information from the webinar below.

Motorsport Helmet Validity for 2024

As the 2023 season starts to come to a close and the 2024 season looms large in the headlights, that helmet rule change is just around the corner, So, what does that mean for Competitors?

Well, its time to carefully examine what you put on your head every time you step into your car, as it may no longer be homologated for international or national motorsport from January 2024.

Older helmets, such as Snell SA2005, SFI, and BS6658/Type AFR, are no longer valid for any international or national motorsport, and this has been the case for quite some time.

Is my helmet still valid?

Find the Homologation label in your helmet and check against the below chart which shows the expiry dates for each standard:

Helmet Standard	MSUK Validity	FIA Validity

Streetcar

Mid-Derbyshire Motor Club have opted to join in with this initiative from Motorsport UK. It is an attempt to get people in to motorsport using their everyday road car. It is relevant to our club as we organise events that can be done in standard road cars. For example, autotests, 12 cars and targas.

Club Merchandise

The club still has plenty of merchandise that was ordered shortly before the outbreak of Covid. However, should you want a personalised item e.g. a polo shirt or fleece etc, it is best for us to order these in bulk. This avoids single orders having to pay a large delivery fee. An order form is attached but please keep in mind these prices are the original charges from 2019-20. The club is endeavouring to find the current prices
